Dee, how are you ?

Not sure if you will get this as I am not sure of your e-mail address, but if you do, it is purely a letter of thanks. You may not remember, but I last spoke to you in September of 2009, when I rang to ask if there was any chance of myself and my daughter Sam, being allowed to watch the " crew " set up for Nickelback. About 25 years ago, I used to work for your company ( I think ) when Festival Hall was the centre of Brisbane's entertainment universe. I soon found after taking to you in 2009, that things have changed and such a thing was no longer possible. All I was trying to do was inspire some interest in my daughter to see if this could be a career prospect for her. You were kind enough to speak to me of many things, including school traineeships, ETETC and JLX and the rest is history ... Sam now loves what she does and knows what she wants to do with the rest of her life. I am so very proud of her.

But I would like to extend deep thanks to you, for helping me in the first place, but also giving Sammie very opportunity to pursue this wonderful business as a career and looking out for her welfare. I know for a fact that she adores you like a second mum ( or in her case a third one ) and I am sure you are her role model, as out of the other aspects of this industry ( corporate and lighter entertainment ) she really wants to be involved very heavily in the production side of what I like to call " the real business " ... this is her dream ... this is where she wants to be eventually.

Thank you for everything you have done for her, to make her dreams come true.
